

GINS FROM THE SILVER COLLECTION

G'Vine Gin De France

The name Floraison means “flowering”, the key moment in the life cycle of the vine and the perfect description for a gin that is fresh and floral, refreshing yet round and smooth, evoking the very essence of springtime in the vineyards, when the air is filled with fragrance of blossoming vine flowers. A unique gin that surprises both connoisseurs and those new to gin, at an elegant 40% ABV, G'Vine Floraison is equally enjoyed at home in a refreshing Gin & Tonic and a summer cocktail.

Pickering's

Pickering's Gin is based on an old Bombay recipe, handwritten on a fragment of paper dated 17 July 1947. Kept as a family secret for over 66 years, it only resurfaced in 2013 when we began distilling at Summerhall, right in the heart of Edinburgh. Tasting notes: Fresh, light and bold flavours of citrus and juniper give way to intense warming spice of cardamom, coriander seed and clove.

Four Pillars

Four Pillars Rare Dry Gin captures the essence of contemporary Australia's heritage in Europe and Asia. We're using whole oranges which is unusual but Australian citrus is highly aromatic and supports the spicier botanicals like cardamom. The cinnamon and star anise add rich fruitcake tones, the Tasmanian pepperberry leaf provides warmth rather than heat, and the lemon myrtle is a beautiful alternative to lemon peel.

Persie

Sniff it: Fragrant herb gardens with bay trees, rosemary and basil. Mix it: We like this best when you keep it simple: on the rocks. It also works well with naturally light tonic and hibiscus tonic. Or, if you're feeling foodie, try a Red Snapper with a little tomato juice, sherry and a drop of Tabasco. All you need is a Sunday newspaper and you're set. Glug it: Savoury with gentle spices, and a rich, olive oil mouthfeel.

The King Of Soho

Whilst remaining true to its London Dry heritage the gin has a delicate combination of sweetness, citrus and earthiness and a hint of grapefruit bitterness on the back of the palate. The gin has a clean and gentle nose which belies its strength that opens up to reveal classic juniper and pine notes with a refreshing zest of citrus oil. The tangy grapefruit reluctantly gives way to soft warming spice.

Da Mhile

This artisan farmhouse gin is made with 18 botanicals. The nose is subtle fresh rose petals, then spice and a hint of juniper. The initial palate is floral with bitter, fresh notes of dandelion and peppery cloves. The texture is silky, exuding a superb botanical mouth-feel finished by intense juniper tones and peppermint cool.

Filliers 28

This classic gin is a handcrafted premium gin, infused and distilled with 28 botanicals, carefully selected by the Master Distiller. Filliers Dry Gin 28 is patiently distilled in small batches, using traditional copper pot stills at the Filliers Distillery, established in 1880.

Anno Sloe

Say 'hello' to Anno's Sloe Gin! To make it, the Anno Distillers in Kent use a selection of local botanicals, including elderflower, rose hips, lavender and samphire from the Romney Marsh, as well as handpicked Kentish sloes. These little berries are infused in the spirit using a secret method to get all the yummy flavour from the fruit and stone into the Sloe Gin. Suitable to enjoy neat, over ice or in a vibrant cocktail.

Monkey 47

An unusual gin from the Black Forest in Germany, Monkey 47 contains a unique ingredient. Cranberries! The 47 comes from the number of botanicals that go into this unique gin, and the fact it's bottled at a healthy 47%.

Brooklyn Gin

Brooklyn Gin is a craft spirit made in New York with fresh citrus peels and hand-cracked juniper. Our gin is fresh, complex, and flavorful. It's good enough to drink on its own and we're proud of that. We use 100% fresh citrus peels and hand-cracked juniper. By hand-cutting the citrus fruit, and releasing the essential oils in the juniper berries, we make a more vibrant gin than the distillers who use frozen or dried citrus peels

Citadelle Blue

A delicate, aromatic French gin distilled in small Charentais pot stills using a mixture of 19 botanicals, including locally grown juniper, as well as citrus fruits, cinnamon and flowers.

Bluecoat American

The Bluecoat American Dry distilled in a traditional copper pot still and is named after the uniforms worn by the militia in the American Revolution. The botanical recipe is kept secret however the style is a classic dry gin.

Hammer & Son Old English Gin

Oldy-timey gin from Hammer & Son, made with 11 botanicals to a recipe from 1783 and distilled in the oldest working pot still in England! It's even presented in an oldy-timey fashion, in a recycled, wax sealed bottle.

Bombay Sapphire

Creating the finest gin possible takes the highest quality raw ingredients. They use up to 12 precious botanicals suspended above the spirit in perforated copper baskets during distillation. That way, as the heated spirit vapours rise, they're gently infused with all the rich aromatic flavours the botanicals release. Best served over ice with chilled tonic and a slice of fresh lime.

X Gin Aphrodisiac

It was a time of Incas and Mayas. A time of death by sacrifice and heavenly thirst that needed to be quenched. So the kings and queens gave order to the brewing masters to brew a godly nectar. They created a secret recipe of which is known that it contained the slightest hint of cocoa. They called it Xocoatl. According to legend it was the worlds first aphrodisiac. And so the Xocoatl recipe was revived and brought back as the X-Gin. Every bottle comes with dried Cocoa nips garnish in a small, handy glass bottle.

Bathtub Gin

An extraordinary award-winning gin from Ableforth's. Made using the traditional method of Cold Compounding (or in layman's terms – infusing). Very high quality copper pot-still spirit is infused with ingredients including juniper, orange peel, coriander, cassia, cloves and cardamom, with the length of the compounding period controlled entirely by periodic sampling. The result is an extraordinary gin, lightly tinted by the botanicals, and with a flavour which is both bold, and perfumed all at once. Sure to be a hit with amateur and professional mixologists alike. Packaged using brown paper, string and wax, the presentation puts us in mind of a Victorian apothecary!

Aviation Gin

A batch distilled Gin from America, Aviation Gin offers a Dutch style and it was distilled from rye and flavoured with Juniper, Lavender, Anise, Sarsaparilla, Orange peel and Cardamom. Nose: Very clean and all on the juniper. Beautiful lavender flavours, and citrus, with sweet grains and earthiness. Palate: Spicy and oily in feel, floral notes and the strongest juniper flavour you'll ever experience.

Curio Gin

Hand foraged from cliff tops, the rock samphire gin is blended with fragrant botanicals and distilled in small batches, for exceptional quality and a delicately smooth gin. We recommend trying it neat with just ice and a garnish. Delicious earthiness. Palate: Spicy and oily in feel,

Poetic License Old Tom Gin

This classic gin originating from the mid 1800's delivers a sweeter and more peppery taste than usual dry gins, from the botanicals alone. The inclusion of rose petals infuses a distinct character to the sweetness, as well as giving a rose gold tinge to Poetic License's Old Tom Gin

Cotswolds Dry Gin

A delectable blend of nine carefully considered botanicals contribute to the clean and balanced finish of Cotswolds Dry Gin. Fresh citrus-y grapefruit and a hint of perfumed Cotswolds lavender open up to sweet and piney juniper flavours, delicately infuse with bay leaf and cardamom to create a well rounded, small batch distilled gin

Williams Aged Sloe Mulberry Gin

A delicious blend of Williams Chase Great British Gin, handpicked Herefordshire sloes and mulberries which are aged in oak barrels for a year. Thus resulting in a sweet and sticky liqueur with notes of figs, dates, prunes and redcurrants

Cremorne Wild Blackthorne Sloe

Using a base of Colonel Fox London Dry Gin and yummy sloe berries from the blackthorn bush, Gentleman Badgers Blackthorn Sloe Gin is a curiously classy beverage full of sweet, jammy notes

Haymans Old Tom

Gloriously generous quantities of botanicals create a bold citrus and juniper pine character that is both rich and rounded on the palate, giving it a beautifully delicate finish. The subtle sweetness keeps Haymans Old Tom Gin true to the original style of English Victorian gin, first enjoyed in the 19th century

Chapel Down Bacchus Gin

Those folks over at English winery Chapel Down seem to love exploring things which are not wine as much as things that are very much wine. Y'see, they've only gone and made their own bloomin' gin! They make the base spirit for this tippable using the skins of bacchus grapes from their own vineyards, and combine it with juniper, orange peel, lemon, lavender, elderflower, orris, angelica and coriander.

Hendricks

Small batch typically means 1,000 litres or fewer. Hendrick's distills in miniscule batches of 500 litres, which gives their master distiller even greater control of her careful artistry. Hendrick's wondrous botanical signature consists of flowers, roots, fruits, and seeds from the world over. They function to complement and set the stage for the delicious duet of infusions: rose petal and cucumber. Served with cucumber strips and perfect over ice.

Gilt

Gilt Gin is made by the same Scottish company which makes the famous Valt Vodka. It's based on single malt spirit, which is distilled five times from nothing but malted barley
